PROFILE

Enthusiastic and detail-oriented BCA student with hands-on experience in building web-based projects using PHP, MySQL, HTML, CSS, and JavaScript. Skilled in developing user-friendly applications, managing databases, and working with frameworks like Bootstrap. Completed multiple academic and personal projects including a Job Portal and Frederiksberg Ishus website. Also familiar with basic graphic and video editing using Photoshop and Adobe Premiere Pro. Passionate about learning, problem-solving, and contributing to dynamic software development teams.

PROJECTS

Job Portal Website - *Developer*

- Developed a dynamic job portal for employers and job seekers using PHP, MySQL, HTML, CSS, and JavaScript.
- Implemented features like job posting, user registration/login, application tracking, and admin panel.
- Focused on responsive design and intuitive user experience.

Frederiksberg Ishus Website - *Developer*

- Designed and developed a website for a local ice cream shop, showcasing products and business information.
- Created a visually appealing, responsive layout using HTML, CSS, and JavaScript.
- Ensured the design closely matched the client's reference images for branding consistency.

ADDITIONAL EXPERIENCE

Google Business Profile Management - *Frederiksberg Ishus*

- Managed and optimized the shop's Google Business profile to improve online visibility.
- Updated business information, photos, and posts to attract local customers.
- Monitored and responded to customer reviews to maintain a positive online presence.
